

# Tucker Nitrogen & Process / Pipeline Services

## Tucker Nitrogen /Process & Pipeline Services,N2PPS

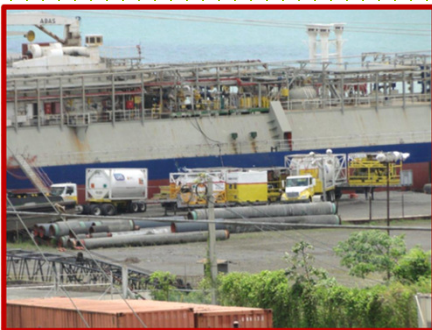

Tucker Energy Services N2 PPS Services is major service provider Certified & Accredited to ISO 14001:2004 , ISO 9001:2008 & OHSAS 18001:2007 servicing both the upstream and downstream Petrochemicals , Oil & Gas energy sector with a multitude of services which includes Pipeline Pre-Commissioning , Hydro testing ,Drying ,Process Facilities Commissioning ,Decommissioning ,Nitrogen Helium Leak Testing , Chemical Cleaning ,Lube Oil Flushing inclusive of Front End Engineering & Project Management Services

Flushing,  
Purging &  
Helium  
Leak  
Testing

UHP  
Piping  
Washing

Nitrogen  
Purging –  
LPG Vessel

Chemical Cleaning-HRSG

Nitrogen Purging –Catalyst Work

Pipeline Pigging & Hydrotesting

## Range of Nitrogen & PPS Services

- Cleaning of pipeline & process vessel
- Pipeline & Process System Hydrostatic testing
- Decommissioning ,Commissioning & Leak Testing
- Nitrogen /Helium Leak Testing/Nitrogen Purging
- Chemical Cleaning Heat Exchangers, HRSG , Boilers and Process Piping
- Equipment Rental - Centrifugal Pumps & Tanks
- Chemical Analysis &Lab Testing
- Chemical Injection- Production
- Nitrogen Well Servicing
